

AP 211-1 Letter to Parents re Sensitive Topics

School Letterhead

Dear Parent or Guardian,

Two of the important courses your child will take during his or her school years are Health and Careers and Planning 10. These worthwhile courses, which are mandated by the BC Ministry of Education, include a variety of learning outcomes designed to address the topics of healthy living and healthy relationships. Some of these topics are often considered to be of a sensitive nature, in particular, human sexuality.

The lessons pertaining to the Health curriculum organizer have been carefully and thoughtfully prepared to help students develop and nurture healthy life practices. The primary objective is to empower students to make intelligent and informed decisions as they cope with the difficult health issues facing them today. In the area of human sexuality instruction, options for healthy sexual decision making, including the benefits of abstinence, will be taught. This curriculum will be a valuable asset to students, but parents/guardians are best able to gauge the maturity level of their children and decide whether the proposed curriculum is appropriate for them.

Attached is an overview of the information to be presented in your child's classroom. You are invited to preview all the information and materials that will be presented in the classroom by contacting your child's teacher or school. You can also view the prescribed learning outcomes as per the Ministry of Education on their website:

https://curriculum.gov.bc.ca/sites/curriculum.gov.bc.ca/files/pdf/phe_learning_standards.pdf

As per AP 211, "[Health \(Human Sexuality\)](#)", parents/guardians in the Abbotsford School District have the opportunity to decide if they wish to have their children receive this curriculum at home. If you wish to teach the Health curriculum at home, please contact your child's teacher to make the necessary arrangements.

If you are comfortable having your child receive this curriculum at school, please sign and return the bottom portion of this letter to your child's teacher. A student not taking part in this curriculum will be placed in an alternate instructional setting. Thank you.

Note: Please encourage your child to share with you the discussion and factual information given during these lessons. The lessons will be informative and taught in a sensitive and respectful manner. Any ethical and moral concerns or questions that may be raised during class will be referred to home for discussion and decision making.

As parent/guardian, I give permission for (Student Name) _____ to:

- attend all classes where the Health curriculum is presented.
- to have the Health curriculum taught by an alternate delivery method. I understand that it is my responsibility as a parent/guardian to make the necessary arrangements with my child's teacher.
